

City of Albuquerque Information Technology Services Division Data Management

Data.cabq.gov Core Metadata Requirements

Contact Information

Who is the contact for this dataset? The contact will be the City employee who is accountable for the data provided in this dataset and can act as front-line support in the event of any questions about the data.

Name	
Department/Division	
Phone	Dial 311 (505-768-2000)
Email	webmaster@cabq.gov

What Does this Dataset Describe?

What is the name of this dataset? How should a user identify this dataset in any communication with contact above? Provide a shorter description of the Dataset that can act as a one-line summary of the dataset when dealing with stakeholders. Provide a longer description of the data that can be readily understood by non-technical users.

Dataset Title	RSS Volunteerism Feed
Short Description	News about volunteerism opportunities in the City of Albuquerque.
Full Non-Technical Description	
News about volunteerism opportunities in the City of Albuquerque.	

How Should this Dataset be Cited?

How should external sources refer to this dataset in publications or documentation? Often this will simply be the URL and the date retrieved.

<http://data.cabq.gov/community/volunteerism/RSS>

data.cabq.gov proxies the RSS feed requests to www.cabq.gov. The only data that will be found in the <http://data.cabq.gov/community/volunteerism> folder is the metadata document.

Does the Dataset Reflect a Particular Time Period?

Provide any date restrictions that may affect the validity of the data. The table fields are defined as follows:

<i>Field</i>	<i>Definition</i>
<i>Start Date</i>	<i>Start date of the time period within which this data falls. Format: MM/DD/YYYY HH:MM:SS.</i>
<i>End Date</i>	<i>End date of the time period within which this data falls. Format: MM/DD/YYYY HH:MM:SS.</i>
<i>Dataset Refresh Interval</i>	<i>Time period between Dataset refreshes. Format: “nn [seconds/minutes/hours/days/weeks/months/years]” or the word “Static” if never refreshed.</i>
<i>Data Expiration Date</i>	<i>Date after which the data must be considered stale and no longer of sufficient utility (fit-for-purpose). Format: MM/DD/YYYY HH:MM:SS.</i>
<i>Dataset Review Date</i>	<i>Date after which this dataset will be reviewed by the City for utility (fit-for-purpose) and usage. Format: MM/DD/YYYY HH:MM:SS.</i>
<i>Comments</i>	<i>Specific comments related to any time-specific features of this dataset.</i>

Start Date	March 26, 2012
End Date	Current
Dataset Refresh Interval	On going
Dataset Expiration Date	There is a max of 15 stories available at any one time.
Dataset Review Date	N/A
Comments	

Dataset Definition/Format

Provide a field-by-field breakdown and definition of each record. This section acts as the formal data dictionary for an individual record.

Field Name	Format	Description
channel	Text	
title	Text	The name of the channel. It's how people refer to your service. If you have an HTML website that contains the same information as your RSS file, the title of your channel should be the same as the title of your website.
link	Text	The URL to the HTML website corresponding to the channel.
description	Text	Phrase or sentence describing the channel.
image	Text	Specifies a GIF, JPEG or PNG image that can be displayed with the channel.
item	Text	details
rdf:Seq	Text	Container
rdf:li rdf:resource	Text	Reference
title	Text	Title of the article.
link	Text	The URL of the page.
description	Text	Summary of the article.
dc:publisher	Text	The entity responsible for making the resource available.
dc:creator	Text	An entity primarily responsible for making the content of the resource.
dc:rights	Text	Information about rights held in and over the resource.
dc:subject	Text	The topic of the content of the resource.
dc:date	Text	A date associated with an event in the life cycle of the resource.
dc:type	Text	The nature or genre of the content of the resource.

Dataset Technical Description

Provide a technical description of the dataset. This should be a complete technical description aimed at developers and expert users who need to understand the scope, strengths and limitations of the dataset.

Standard RSS format.

Dataset Assumptions

What technical and business assumptions are implied in the creation of this dataset? Examples could include the way in which a salary figure was calculated or data that was omitted for a specific reason.

None

Who Produced the Dataset?

Which department in the City produced this dataset? Note that this might not always be the data owner. An example of this could be a dataset that ITSD produced on behalf of EHD who owned the data.

Web Team
Information Technology Services Division
Email: webmaster@cabq.gov

Who Owns the Data?

Where did this data originate? Who owns the data used in this dataset? Note that this might not always be the dataset producer. An example of this could be a dataset that ITSD produced on behalf of EHD who owned the data.

Web Team
Information Technology Services Division
Email: webmaster@cabq.gov

Why was the Dataset Created?

All datasets should have an explicit reason for existence and should, somehow, have value to someone. What is the perceived value that this dataset will bring?

The data was created to be a consumable information feed available to all who subscribe on the city website.

How was the Dataset Created?

How was this dataset produced? Was it a manual process? An automated process? What were the main IT systems involved in producing this dataset?

The RSS feeds are created from the cities website - Plone CMS (<http://www.plone.org>).

What Similar or Related Data Should the User be Aware of?

Are there any other datasets available that may contain related or similar information? Might there be situations in which these other datasets might be a better alternative?

Events RSS

<http://www.cabq.gov/events/RSS>

News RSS

<http://www.cabq.gov/news/RSS>

How Reliable are the Data?

Are there any concerns about overall data reliability? Are there any data problems that the user needs to be aware of? Are there any constraints with data accuracy? What levels of confidence with this dataset could the user reasonably assume?

Very good. This is the same data that is published on the City Website.

How Well Have the Observations Been Checked?

What quality assurance steps have been performed? Sometimes, a third-party verification/audit process may also be required. If so, provide the name of the third-party who performed the verification.

Data is a direct feed from the website and is as accurate as the information published on the city website.

Are there Legal Restrictions on the Access or Use of the Data?

Are there any specific legal or compliance restrictions for this data? How might this affect the way in which end users might access and use this data?

None

Legal Disclaimer

The City's standard copyright, disclaimers and legal statements may be found at <http://www.cabq.gov/about/legal>. The City data policy governing data.cabq.gov may be found at <http://data.cabq.gov/policy/>.
